PROJECTS

Discounts vs Profits: Is Your Sales Strategy Killing Revenue? ([GitHub](#))

- Analyzed e-commerce sales data to uncover the impact of discount strategies on profitability.
- Used SQL (BigQuery) to query, clean, and join datasets.
- Visualized results in Tableau, showing the relationship between discounts and revenue loss.
- Delivered actionable recommendations to optimize discounting strategies.

Digital Banking Adoption Dashboard ([GitHub](#))

- Explored trends in digital banking usage across demographics and regions.
- Designed a Tableau dashboard featuring interactive charts and key adoption metrics.
- Conducted data cleaning and transformation in Google Sheets.
- Created a user-friendly dashboard for business decision-makers.

Antibiotic Resistance Analysis ([GitHub](#))

- Investigated antibiotic resistance patterns using healthcare data.
- Performed data cleaning and exploratory data analysis in Google Sheets and Python.
- Visualized findings with charts and pivot tables to highlight key resistance trends.
- Presented insights to promote awareness and inform healthcare strategies.
